

## BEDDING PRODUCTS

### Comfi-Bed

Comfi-Bed is a high quality blend of purpose made shavings that have been specially cleaned to remove airborne particles of dust, and natural flax for maximum absorbency.

All ingredients are screened to maintain high quality standards. Packed into 20kg bales.

### Maxi-Bed

Maxi-Bed is a totally natural bedding made from 100% flax which is much more absorbent than shavings and therefore extremely economic to use. This special bedding can also be spread on the land after use, thus reducing waste disposal problems. Packed into 20kg bales.

## PRODUCT GUIDE

Quality natural feed and bedding  
for every type of horse.

The **HorseSource** range of fibre based feeds is exclusively formulated by our nutritionists using the latest research into high fibre / high fat blends for slow release, sustained energy.

All our feeds are non heating, unmolassed and designed to work in harmony with the horse's digestive system.

## Alfalfa Gold

The **original** alfalfa with oil. A unique high fibre conditioning feed based on flash dried natural alfalfa blended with top quality Soya oil and added Vitamin E.

- For natural and healthy growth levels
- High in digestible fibre, naturally low in sugar
- Flash dried & bagged within hours of harvesting
- **NO MOLASSES**

## Alfalfa Pellets

Natural Alfalfa 10mm fibre pellets, with no molasses or binding agents. Soft compressed pellets, extremely palatable and highly nutritious.

- Low in sugar
- High in fibre
- Natural minerals and vitamins
- Slow release energy
- **NO MOLASSES**
- Can be fed as mash for older horses

## Complete Blue

A unique fibre based complete feed for horses in light to moderate work also suitable for fit horses that are on temporary box rest.

- Provides essential vitamins and minerals
- Highly palatable
- Promotes a healthy digestive system
- High in digestible fibre and oil

## Alfalfa Plus<sup>+</sup>

Natural Alfalfa blended with English rye grass and soya. Slow release energy from highly digestible natural fibres.

- Quality proteins, oils and fibres
- Provides essential vitamins and minerals
- No supplements required
- Consistent and nutritious

## Complete Green

A complete feed designed to meet the nutritional demands of high performance horses.

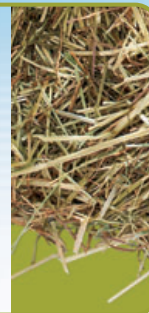

- Quality proteins, oils and fibres
- Provides essential vitamins and minerals
- No supplements required
- Consistent and nutritious

## Green Meadow
